2021

Percentage: 94.2

Projects

Clone Projects

❖ Spotify Clone | [GithubRepo](#)

Built responsive Spotify-inspired music player using HTML, CSS, and JavaScript featuring play/pause, next/previous track navigation, a dynamic progress bar, and volume control for an enhanced user experience.

❖ X Clone | [GithubRepo](#)

Developed a responsive X clone using Tailwind CSS and JavaScript, featuring a dynamic feed, post creation functionality, and an interactive interface.

Todo App | [GithubRepo](#)

Developed a To-Do application using React that allows users to add, delete, and mark tasks as completed.

Weather App | [GithubRepo](#)

A responsive weather application built using React fetches real-time weather data via API and displays temperature, location, humidity, wind speed with clean user interface.

Achievements & Certifications

- ❖ **Data Chat** : – Workshop on Retrieval-Augmented Generation (RAG)
- ❖ **Python Full Stack Development** – SRDT
